## **Welcome to LaserPunk Metaverse**

### **About The Laserpunk Gods Metaverse**

The beginning: Once upon a time the Laserpunk Galaxy was born with its origin traced to the Big Bang, The initial idea was the LASERPUNK PLANET, a 3D animated NFT project which is the genesis planet of the Laserpunks NFT Metaverse.

### **Brief introduction:**

LaserPunk Gods are brand new 3D animated metaverse NFTs created by a team of experienced crypto entrepreneurs, incubated by CorionX team members with supports by its global #MoneyInTheRightDirection movement.

### **NFT LaunchPad: The core of the LaserPunk Metaverse**

We are building an NFT/Metaverse Launchpad where projects and individual creators will be given the right to conduct their NFT minting generation event which could be interchanged to the process of an IDO.

As the center of attraction of the LaserPunk metaverse, the 3D NFT are not the conventional JPEGs without utilities, they are “exclusive passes” to gain access to the launchpad where creators/projects will be able to mint their NFTs with Genesis holders having the rights to participate in the launchpad of upcoming projects through discounted minting price, airdrops and other rewards which will be determined by the projects conducting its NFT minting/Fundraising event on the LaserPunk launchpad.

## **USECASES/UTILITIES OF THE LASERPUNK GENESIS NFTs**

LaserPunk Gods NFT will play a vital role in the metaverse through several use cases that are attached to the NFTs, holders will be able to utilize the NFTs in the following ways

Holders of the LaserPunk NFTs will be able to utilize it in the following ways as listed below:

# **LASERPUNK METAUVERSE WHITE PAPER**

## **- Launchpad function**

LaserPunk Genesis NFT holders will be given exclusive access to participate in the launchpad of upcoming projects through discounted minting price, airdrops and other rewards which will be determined by the projects conducting its NFT minting/Fundraising event on the LaserPunk launchpad.

The NFT launchpad is the core/major function of the LaserPunk NFT metaverse. The launchpad will serve as a platform where NFT creators will be provided with the overall help and guidance to mint their NFTs. Upcoming NFT and metaverse projects will be able to utilize the launchpad for minting and Initial Offerings purposes. Other benefits to NFT creators include access to the LaserPunk and CorionX ecosystem communities, special marketing and promotion.

LaserPunk 3D NFT is not just the conventional JPEGS without utilities, they are “exclusive passes” to gain access to the launchpad where creators/projects will be able to mint their NFTs with Genesis holders having the rights to drops from every new collection minted.

## **- Governance function**

Genesis Laserpunk NFT owners will be able to vote on new collections and act as support to the development/ growth of our Metaverse

## **- Become an AVATAR**

NFT owners will become an “AVATAR”. In addition to their 3D animated NFT they will also receive a JPG format of their NFTs, to use in the social media platforms.

LaserPunk NFT owners will become an “AVATAR”. In addition to possessing a 3D animated NFT, they will also receive a JPG format of their NFT(s) which can be used in any social media platforms as an avatar that is indicative of the ownership of such NFT's.

## **- Ownership function**

Laserpunk Genesis NFTs holders will have access to unique NFT collections. These NFTs will be personalized (not series) and their owners will get the special ownership rights and rewards that come with it.>

## **- Earning benefits**

Since LaserPunk genesis NFTs are a part of corionX project and ecosystem, the main focus is to spread the cryptocurrency based solutions and innovations e.g DeFi, NFT across the world making it accessible to all individuals. In line with the aforementioned mission, LaserPunk NFT holders will be able to enjoy special rewards within the CorionX ecosystem. Some of the benefits will be highlighted below;

- 1. Laserpunk NFT holders will get rewarded in CorionX utility token**
- 2. Laserpunk NFT holders will have exclusive access to special pools in the CorionX farms**
- 3. A Laserpunk NFT holders who is holding a big amount of CORX will get special NFTs from the next launchpad collections.**

## **- Education**

CorionX project supports the global crypto adoption through the initiative #MoneyInTheRightDirection Movement, where the community members spread the knowledge of crypto solutions, innovations and trends.

CorionX will be responsible for the distribution of special content to the community with the aim of educating newcomers and engaging the active/existing users. LaserPunk NFT holders will have exclusive access to special contents which includes fundamental and technical analysis, trends and educational materials on specific topics which will give them not only knowledge about blockchain and cryptocurrency but helps to make the right decision along the way.

## **- Bounty & Airdrop function**

Bounties and airdrops are special forms to engage the community to support Laserpunk Metaverse with specific activities. At different moment in time, we will be conducting special airdrop and bounty campaigns to reward LaserPunk NFT and/or CorionX holders with the #MoneyInTheRightDirection supports also benefiting in such events.

Laserpunk NFT holders will have special access to these airdrop and bounty campaigns. To get early notification of upcoming airdrops and bounty events, holders are encouraged to follow our social media channel to learn about the campaign and the requirements to participate as it might vary from one event to another.

## **- Utility function**

The plan is to extend and incorporate CorionX's utility product function into the LaserPunk NFT project. As a further boost to this implementation, we also plan to offer special services to commercial partners in the non-cryptocurrency related sectors. Subsequently, LaserPunk NFT holders will get special rewards and benefits within this services.

## **- Gaming functions**

LaserPunk metaverse is not limited to the NFTs, but also a potential gaming platform with metaverse experience by building and partnering with metaverse and gaming oriented projects that align with our visions while granting LaserPunk NFT holders exclusive benefits in these collaborations.

## **- Lending functions**

All LaserPunk NFT holders will have access to CorionX loans with special conditions using their NFT as a collateral. There will be a creation of a unique DeFi product with the LaserPunk NFT ecosystem which will grant holders access to these special benefits.

## **- Membership benefits**

Laserpunk NFT users and holders will create a special community within the NFT ecosystem, representing a special membership within the project which will give them special rights accordingly. This special rights includes early access to presale events, airdrops, early access to informational content e.g news, developments updates and others gifts (Customized T-shirts, statue, baseball cap e.t.c).

## **- Partnership benefits function**

Since we aim to create partnership with other projects which includes sharing our mission within the governance functionalities, LaserPunk NFT holders will be able to suggest specific projects and vote towards the partnership agreements.

LaserPunk NFT holders will also enjoy special benefits within the scope of the partners ecosystem e.g discount in partners NFT, staking and earning opportunities. It's appropriate to follow our social media handles in order to

have first hand information on new partnerships and how to benefit from such partnerships.

As the LaserPunk metaverse unravels, we intend to add more utilizes e.g

## **- Charity Function**

Through our Initial Charity NFT Offer (ICNO), We will organize special ICNO events, where we offer unique Laserpunk NFTs for auction. Approximately 80% of the total raised amount will be donated to a predefined charity organization while the other part of the funds will be allocated to the LaserPunk development fund.
